

I know that the earth is made up of land, sea and sky.

I know what I can do to guard the world.

I know that recycling means reusing old materials.

Guardians of our Planet

I know that caterpillars cocoon into butterflies.

I can name features of our world, like beaches, waterfalls, mountains and buildings.

I know that a bean needs water, soil and sunlight to grow.

I know that butterfly's wings are symmetrical, meaning they are the same on each side.
